Water Use Restrictions • May 1-Oct. 1, 2016

Lawn sprinklers, either underground or hose fed, must adhere to the following schedule:

- **Odd Numbered Homes–Monday & Thursday–6pm to 8pm ONLY**
- **Even Numbered Homes–Tuesday & Friday–6pm to 8pm ONLY**

Residents may use **one** hand held hose, fitted with a **spray nozzle**, without restriction.
For the most efficient use of water, residents should avoid irrigating when it's windy.

Violators will be cited and subject to a surcharge on their next water bill. Violations will carry forward for three years. All violations prior to 2014 are void.

- 1st offense - **Warning**
- 2nd offense - **$50.00**
- 3rd offense - **$100.00**
- 4th offense and subsequent offenses - **$300.00**

Exemptions to this policy may be granted for newly installed lawns for up to 14 days.

To request an exemption, report water violations, or for any questions, call the Water Department **781-784-1525 x2315**

In cases of extreme hardship, consideration may be given to requests for other hours. Contact the Board of Selectmen **781-784-1500 x1208**

*Sharon's water use restrictions allow our water tanks to refill after peak demand, ensuring **fire fighting capability,** and lessening the **environmental impact** of well-pumping.*

*Before irrigating, **test your lawn** to see if it truly needs water. Step on a patch of grass; if it springs back, it doesn't need to be watered. Overwatering leads to shallow roots and unhealthy grass.*

*It's also important to make sure that your sprinklers are not watering the **driveway, sidewalk, or street.** Water runoff contributes to the pollution of our local water bodies.*
