Statement of Significance by Julie Ann Larry & Geoff Melhuish, Turk Tracey & Larry Architects, LLC
The criteria that are checked in the above sections must be justified here.

65 South Pleasant Street is a modest Shingle-style residence that is similar to 71 South Pleasant Street. The property would be individually eligible under Criteria B & C for listing on the National Register at the local level as a representative example of its type and for its associations with Joseph A. Cushman (1881-1949) curator of the Boston Society of Natural History and prominent Foraminiferal researcher.
