When you arrive at 50, 60, or older, you might assume your days of active parenting are behind you. However if you are the parent of a child with a disability or illness, that break may never come. Please join others who might share similar concerns at this new group designed for parents of adult children with mental health issues, medical illnesses, or physical disabilities. To register and for more information or help with transportation, contact Susan Edinger, MSW, at the Sharon Adult Center, 781-784-8000.
