Note: If you plan to **also** use your computer to see participants and shared documents, **do not use computer audio** since it will create an echo with your computer speakers. The first time you use Zoom, a desktop client will be installed. Connect with computer audio to use your computer's microphone and/or speakers. You will need to wait until the Host starts the meeting. Once the meeting starts, use the control in the top right corner to choose **Speaker** or **Gallery** view. You might want to pin the host video stream instead of having the video switch between participants as they speak while in Speaker mode.
