INCREASE IN AMBULANCE RATES

-
VOTED: (Roach/Powell) Voted to open the hearing for Ambulance Rates

Fire Chief Mann explained to the Selectmen that the Fire Department has had 50 less ambulance runs this year which has resulted in \$100,000 less in revenue. He said this is in part due to the poor economy as individuals don’t have insurance or have Medicaid which pays at a much lower rate. Chief Mann said that he conducted a Norfolk County survey which showed that the Town’s rates are approximately 20% below the 24 towns that responded to the survey. He is recommending an increase of 40% to the 2008 rate which will bring Sharon up to slightly above the average. He said that many of the Towns will soon be increasing their rates as well. He asked that the rates be increased again in two years. Town Administrator Puritz said that from a process point it is within the Boards purview to establish a tiered rate increase over a period of years. Chief Mann said the Medicare rate is established by Medicare while private insurance companies are able to pay more than the Medicare allowable rate. He said that this would place Sharon at approximately 70% above the Medicare rate. He further explained that the Town can write off the balance in the case of hardship.

VOTED: (Roach/Powell) Voted to close the hearing for Ambulance Rates

VOTED: (Roach/Powell) Voted to approve an increase the 2011 Ambulance Rates by 40% as outlined in Fire Chief Mann’s memo
