### **Subsidized Trash Collection for Qualified Sharon Residents**

The Sharon Health Department is now accepting applications from qualified residents for town-sponsored trash pick-up for the 2016-2017 year. In order to receive free trash collection, interested residents must be at least 60 years of age and meet income guidelines for the program. Single residents may have a maximum income of \$2027 per month, and a household of 2 persons may earn a combined income of no more than \$2528 per month. Applicants under age 60 years must be disabled, must provide legal verification of their disability, and must also meet the income guidelines noted above. Verification of income is required of all applicants. Residents who qualify for the subsidized trash collection must have trash available at curbside for pick up.

Applications may be obtained at the Sharon Health Department or Sharon Council on Aging, or on the Health Department website at: <http://www.townofsharon.net/health-department/pages/town-sponsored-trash-pickup>. Residents who received this service in 2015-2016 must reapply for the service for the coming fiscal year.

Please contact the Sharon Health Department at (781) 784-1500 x 1140, or the Sharon Council on Aging at (781)784-8000 with any questions about the free trash collection program.
