Caterers may register for a one-time permit for a fee of \$30.....OR, if they prefer, they may apply to be licensed as a "Resident Caterer" at a fee of \$100 per year, which would then cover ALL their catered functions for the year ending May 31st.

In either case, a Food Service Permit Application (for Caterer) must be completed. A copy of the caterer's current certification in food protection (e.g., Servsafe certification) for the "Person-in-Charge" must be attached to application, along with the appropriate fee. In addition, a copy of the caterer's food service establishment license (for his "home" location) must be provided, if applicable.
