It was brought to our attention that the MA Office On Disability/Accessibility to focus on projects in the community has a grant process that has opened up. Whereas as the process looks lengthy, it is thought that we can create a grant for Sharon Housing Authority. Geila is going to make initial contact with Nancy Bartlet.

Paul has sent information to Chief Wright concerning Emergency Preparedness.

The Sharon Equity Alliance Commission would like to involve the Commission on Disability. Paul will contact them about the Commission's interest.

Marci will focus her next article for The View on The Ride.
