**Meeting Initiation**

Chair Snow stated that a quorum of members was not present so the group would just have a discussion this evening.

**History Project**

Lee Ann Amend, Library Director representing the Town Clerk, Historical Society and Library came to the Committee to thank them for supporting the Local History Survey project. She stated that each group now has clear guidance as to the next steps to protect the town's local history. Out of the original \$22,638, \$16,112.06 remains. With these excess funds they will purchase the recommended materials to help preserve the historical items. A copy of the survey results was provided to each member.

**Ames Playground**

No action taken at this meeting. Ms. Kasparian will be emailed and asked to provide additional dollar amounts for the items being requested. The Committee would like more accurate figures for the specific structures. Also they were hoping for a follow-up on the Friends of the Amess Playground to see if they are still a viable entity and would be contributing to this rehab.

**New Field Project**

Paul Driscoll came and a brief conversation ensued. He will provide pictures and packet he referenced via email.

**Restoration of Veterans Monuments**

Paul Bergeron, the Veteran Agent for the Town came with a project estimate of \$6,000 to restore and preserve 4 Town owned Veteran monuments. Two are at Town Hall and two are located at Rock Ridge Cemetery. Preservation has not been done for decades on these monuments and he wants to start the preservation process. A brief conversation ensued. The Committee asked for an

actual estimate for restoration from a contractor. Mr., Bergeron agreed to this. He will also look at the Deborah Sampson statue and the plaque near the Unitarian Church and include within the estimate if needed.

### **Minutes**

No action was taken on the 1/28/16 minutes as a quorum of members was not present.
