

How to calculate the credit card fee

Total Charge = Town of Sharon Fee + \$0.30 + Application Fee + 2.99%

Application fee:

Transaction Size	Fee
<\$10.00	\$0.30
\$10.00 - \$100.00	\$1.00
\$101.00 - \$200.00	\$2.00
\$201.00 - \$300.00	\$3.00
\$301.00 - \$400.00	\$4.00
>\$400.00	\$5.00

For example, we charge our customers a **\$2.53 credit card fee** on a **\$40** CO/Smoke detector initial inspection:

$$\text{\$40} + \text{\$.30} + \text{\$1.00} + (\text{\$41.30} * .0299)$$

$$\text{\$40} + \text{\$.30} + \text{\$1.00} + (\text{\$1.23}) = \text{\$42.53}$$

# units	Total fee
1	\$42.53
2	\$83.73
3	\$125.96
4	\$167.16

As another example, we charge our customers a **\$1.94 credit card fee** on a **\$20** CO/Smoke detector **re-inspection**:

$$\text{\$20} + \text{\$.30} + \text{\$1.00} + (\text{\$21.30} * .0299)$$

$$\text{\$20} + \text{\$.30} + \text{\$1.00} + (\text{\$.64}) = \text{\$21.94}$$

# units	Total fee
1	\$21.94
2	\$42.53
3	\$63.13
4	\$83.73
