Minutes

Laura Smead motioned to approve the December 12th meeting minutes with the edit of changing "of" to "or" in the third paragraph so it reads "first or last." Signe Flieger seconded. Minutes approved with the edit.

Meeting Notes

The MPSC had a lengthy discussion of members' drafts of the Vision Statement and Signe Flieger agreed to prepare an update including the changes.

Susan Silberberg said there will be a team meeting next week with all of the consultants to work on draft recommendations and goals to support the Vision Statement.

The MPSC brainstormed dozens of ideas and goals that align with the Vision Statement. Susan Price will provide notes to CivicMoxie.

The Public Health Subcommittee will plan to hold another meeting and to invite Barry Keppard of MAPC to attend. Susan Price said Barry is completing data collection and review, and is working on an outline for the Public Health chapter.

Susan Price noted that Chuck Levine correctly pointed out an error in CivicMoxie's October PowerPoint regarding the percentage of town residents who are 65 or older.

The slide showed 4.7% when it is 14.7%. CivicMoxie used 2016 ACS data and Chuck used Sharon Census data from 2018 (17.86% are 65 or older).

Cheryl Weinstein said the Library Board would like to come to the March 12th MPSC meeting to give a presentation about the new library project and town meeting article.

Adjournment

Laura Smead motioned to adjourn. Peg Arguimbau seconded the motion. All voted in favor at 8:50pm.
