Meeting Initiation

Co-Chair Pannone called the meeting to order at 7:00 PM.

Discussion

Co-Chair Pannone distributed the action item list and a brief discussion ensued as to statuses.

Committee reviewed the Action Items list for activities to be performed, by which member and the status of the items.

The group discussed how the community is to contact the MPSC if they'd like to become involved. It was determined that the co-chairs are to provide direct contact information within the FAQs & outreach cover letter. Additional contact information can be provided via a Master Plan Facebook page once the warrant article is approved.

A preliminary assignment list for community outreach was created. A calendar of committee & board meeting will be created and posted in Dropbox. An outreach letter along with a FAQs document is to be sent to various social & action committees in town.

The Planning Board is not required to hold a public hearing on the warrant article, but the Finance Committee has requested that the PB vote on the article as a show of support.
