## **Water Rates**

DPW Superintendent Eric Hooper was present for the discussion. Mr. Hooper that we have gone back and forth on this issue many times, with the Water Management Advisory Committee and in public hearings in front of the Selectmen. His current proposal offers no increase in the fixed fee, some decreases in the block break points and a slight increase in one of the middle blocks during the spring/summer. It will raise \$200,000 in revenue, which is based on last year's water usage. As water becomes more expensive, they use less, so not as much will be raised, but this is approaching where we need to get as a town. Mr. Hooper noted that it's important for the town to adjust the rates each year. The rates would go into effect on January 1, 2014.

Selectman Heitin would like to make a small modification in Mr. Hooper's proposal. He explained that stability in the base rate is needed to make improvements in the infrastructure. He proposes changing the base rate to \$20 per quarter. This increase would put the town another step closer to improving the infrastructure. An abatement process is available for those who won't be able to afford the additional \$5 per quarter. He feels to be connected to the system for \$80 per year is relatively inexpensive. An additional \$5 per quarter will generate another \$100,000 in revenue and will put us another step closer in making improvements to the infrastructure.

**MOTION:** Increase the base rate to \$20.00; that the summer rates be \$4.00, \$7.00, \$10.00 and \$13.50; that the winter rates be \$3.00, \$6.00, \$9.00 and \$12.00; the Other rates would be \$30.00 for the base, and \$4.00, \$4.50, \$5.00 and \$5.50; the Irrigation rates would be \$37.50 for the base, and \$10.00, \$10.00, \$11.00 and \$13.50.

(Heitin – Powell)

Selectman Heitin noted that the only thing changing from Mr. Hooper's proposal is the base rate from \$15.00 to \$20.00 per quarter.

Selectman Powell thinks the proposal before the Board addresses a lot of the concerns that the Water Management Advisory Committee had, as well as the resident's concerns. He agrees with Selectman Heitin about raising the base fee and is comfortable with his proposal. He added that the town may need to look at an assessment fee sometime down the road.

Chairman Roach noted that the Board has had two water rates hearings this year and that a lot of people were upset at the block rates and the base fee. Mr. Hooper heard both sides, looked at the proposal and came back with a revised proposal. He agrees with his colleagues that we do need to get the rates higher, but believes that our department heads do a great job and the Board shouldn't micromanage. He is going to support the water rates as Mr. Hooper has presented. He also agrees that we need to revisit water rates each year.

Selectman Powell believes we need to make the investment in our infrastructure and understands the impact the rate increases may have on some people.

**Vote:**            2-1    **PASSES**

### **Town Administrator Screening Committee**

Selectman Powell recused himself from the discussion.

Chairman Roach noted that the Board needs to appoint four members and Len Sacon from the Personnel Board will be the fifth member as its appointee.

Selectman Heitin noted that attorney and former Finance Committee member David Fixler would be his first recommendation and his other recommendation would be Steven Rabb, who grew up in Sharon and was active in youth sports.

Chairman Roach said that his first recommendation is Paul Pietal, a former Finance Committee member and his second recommendation is Colleen Tuck, a former Selectwoman, who served on the Board when Mr. Puritz was hired.

**MOTION:**    To name the following four individuals to the Town Administrator Screening Committee: David Fixler, Steven Rabb, Paul Pietal and Colleen Tuck  
(Heitin – Roach)        2-0-1    (with Selectman Powell recusing himself)    **PASSES**
