RE: Sharon Public Library  
1 School Street  
Sharon, Ma 02067

Dear Abutters of the New Sharon Public Library,

We'd like to share with you the following:

Site work is still ongoing. There is going to be frequent use of a vibratory roller on site, which will typically be used around 2-3 p.m., however, the contractor may need to use the equipment at other times of the day if needed. The contractors have been asked to reduce the level of compaction and frequency of this piece of equipment and we apologize in advance for any inconvenience.

The Sharon Fire Department will conduct a live test of their fire apparatus once the jersey barriers and School Street closure is complete. This process is to ensure that safety vehicles will have the necessary access to the adjacent homes across from the job site. As previously communicated, there will be a 4-foot-wide pedestrian pathway to North Main Street, and all construction-related vehicles and deliveries will be directed to enter and exit the job site through the North Main St gate entrances.

We would also like to thank everyone who made it to the Groundbreaking Ceremony on Friday 9/22. Your presence at the ceremony was greatly appreciated and serves as not only a reminder of the importance of this project, but also the need to ensure it is done efficiently and with respect to the needs of the community.

Potential impacts regarding construction will continue to be communicated through regular updates. These updates will be provided through emails, along with a bulletin board, which will be placed along the site perimeter following the closure of School Street (At the North Main Street side of the construction site).

Thank you for your cooperation and patience as we continue to make progress on this project.

Please email the following: [chochheimer@chacompanies.com](mailto:chochheimer@chacompanies.com), [mluzaitis@chacompanies.com](mailto:mluzaitis@chacompanies.com), [JSullivan@chacompanies.com](mailto:JSullivan@chacompanies.com), where you will be added to the list of abutters for future project updates. Do not hesitate to reach out to us with any concerns you have.

Look forward to hearing back from you.

Thank you,

Joe Sullivan
