MINUTES SHARON SELECT BOARD January 23, 2024

The meeting of the Sharon Select Board was called to order at 7:00 pm by Chair Kiana Pierre-Louis remotely via Zoom. Select Board members Emily Smith-Lee and Hanna Switlekowski were in attendance as was Town Administrator Frederic E. Turkington, Jr. and Assistant Town Administrator, Lauren Barnes. The meeting commenced with the recitation of the Pledge of Allegiance.

Public comment period

Mira Belenkiy spoke about mandatory diversity training and expressed her hope that the Board will reconsider their position.

Judy Crosby thanked the Select Board for their support of diversity training. Hope empowering. Thinks training is the best thing for the Town. She also expressed concern for a potential conflict with the for Personnel Board meeting and an outreach meeting by the Planning Board for MBTA Zoning. Mr. Turkington advised that the Personnel Board has requested a move to February 20th.

Casey McLaughlin also commented about mandatory diversity training and expressed her opposition.

Matt MacDonald spoke about the Simoni Foundation. He wished to thank the board for looking at the impact of donations. Effect has already happened, regardless of how the Board votes tonight. He stated that he will continue to ask Select Board to rescind their support for same reasons expressed back in May and June as he still has concerns.

Melissa Tee wished to speak about diversity training and supports the other two comments in opposition.

Ms. Pierre-Louis made clarifying remarks indicating that the training is for appointed officials.

Kiana wished to clarify. This is for elected. There is an interview policy. Mandatory means strongly yes. Agree that dialogue is important. Has nothing to do with School Committee as Select Board has not purview over School Committee. If you chose not to do training, Training for staff was done before her election to the Select Board.

Potential joint meeting with Personnel Board

The Personnel Board has requested a change in date to February 20.

Opt-in specialized stretch code

Silas Fyler of the Energy Advisory Committee shared a presentation with the Board. The Energy Advisory Committee requests that the Select Board sponsor a warrant article for 2024 Annual Town Meeting.

Judy Crosby commented that while she appreciates presentation, she wished to point out the credits referred to are not permanent, can quickly change the future value. She expressed concern about building projects coming down the pike.

Dan Rabatsky and Chris Pimentel of the Energy Advisory Committee also commented about their research in other communities who have adopted this specialized stretch code.

Ms. Smith-Lee remarked that she agrees with the comments that this is ultimately coming down the road. The reason to do this is same reason that Sharon became a green community in the first place and is an important way to sustainability. She also appreciates the comments about what new construction really means. She is fine with it being on the warrant.

Ms. Pierre-Louis agrees about having an informed vote at Town meeting and saw enough to agree to sending this Town meeting for a vote.

MOTION: to add an article for the opt-in specialized stretch code to the 2024 annual town meeting warrant.

Donations by Simoni Foundation

The Board explained that there had been requests on the consent calendar at last meeting to accept donations to fire and police department from the Simoni Foundation. During the public comment period that evening, the Board heard from concerned citizens about the appearance of conflict of interest. At the time, the Board wished to get more information before making a decision. They have been advised by Town Counsel to decline the donation, not because it is felt to be a conflict, but rather there give the appearance of conflict.

MOTION: To decline the donations by the Simoni Foundation as discussed. (Switlekowski– Smith-Lee)

Report of the Town Administrator

Mr. Turkington provided the following update.

Over the past few weeks, staff have been working on the budget. State aid figures will be released tomorrow. There appears to be a \$200,000 deficit as of now. The Board will have budget presentations from Sharon Fire and Police Departments at their next meeting on February 7 at 6pm.

As mentioned earlier, staff is currently vetting articles for Annual Town Meeting. The Planning Board has posted a public presentation/discussion on MBTA zoning on February 13 at the Community Center.

The audit has been completed with no issues. The report has been posted to the website.

Tuesday evening there will be a presentation about recycling and the feasibility of pay-as-you-throw with Sustainable Sharon at Community Center at 7pm .

Topics not reasonably anticipated within 48 hours in advance of the meeting

None.
